

**KEEPING YOUR  
NOVAR LOGIC ONE  
SYSTEMS IS, WELL,  
LOGICAL.**

Trend's TL1 is an integration device that extends the life of your current Logic One system, and creates an opportunity to develop a clear and comprehensive migration path to a new building management system with Trend Control Systems.

For more information or to find your local TTC, visit [www.trend-americas.com](http://www.trend-americas.com).

**TREND**<sup>®</sup>

Trend Control Systems. Global experience, locally delivered.
