

**Count on
us to help
you
prepare!**

**Winter is coming ...
Keep your home warm!**

**Our trained and certified
technicians will:**

Inspect:

- Fireside of boiler
- Boiler pressure level for leaks
- Hand valve & automatic feed equipment
- Fuel piping for leaks and proper support

Check:

- Operating & safety controls
- Strainers
- Combustion air

Clean:

- External surfaces as needed
- Pilot igniter, adjust as needed

Test:

- Low water cut off and pressure relief valve

**We will also check, clean and lubricate the
combustion control equipment & burner
sequence of operation.**

**BOILER SAFETY
INSPECTION & CHECK-UP**

- Reduces your Energy Bill**
- Increases Comfort**
- Prolongs Equipment life**

**OHIO
HEATING**
